

## Meet Burro® - a collaborative farm robot that follows you anywhere

- For use where people waste time and energy moving materials around by hand
- Follows you just like a dog
- Learns the path you've traveled and can then re-run it over and over again autonomously, functioning as a Virtual conveyor belt™
- Equipped to generate ground-level actionable data and expandable with automation implements
- To set up a field trial email: [demo@agrbt.com](mailto:demo@agrbt.com); for sale now at [www.agrbt.com](http://www.agrbt.com)

<b>4+ HP</b>	<b>4WD</b>	<b>450+ pound cargo capacity</b>	<b>4+ MPH</b>
